Book Now

Connect with students exclusively from Africa without ever leaving your campus! Worldview Education Virtual Fairs enable you to: promote your institution, chat and speak with prospective students and their parents, capture high-quality leads and provide detailed information to candidates - just as you would at a physical fair, except you would be doing so from the comfort of your own office.

ABOUT US

Worldview is recognised as the foremost Africa-focused, recruitment fair organiser. Worldview has helped over 500 institutions around the world to reach and recruit students from all across Africa, while equally making the study abroad dreams of thousands of Africans a reality.

We concentrate 100% on Africa, and have unparalleled knowledge of the region, unlike other recruitment fair organisers who dabble across multiple regions without specialist expertise. Worldview's founder prides himself on the philosophy that "Whatever is worth doing, is worth doing well," and knowing the African student market like the back of our hands has caused us to have on average a massive 90% return exhibitor rate for our education fairs, year after year.

This event is a 3-hour online experience hosted on the Worldview Virtual platform. Each institution has its own customised private booth, where up to 3 people from your team can simultaneously attend to and assist students with their enquiries. You can communicate with students via text in a private chat or through audio and video calls.
